During our Christmas in the City outreach, we go to local Newark schools and preschools where we strive to provide Christmas gifts to all students at these schools. In addition, each child will receive a warm hat and pair of gloves. In many cases, the gift that the child receives from our organization is the only gift that they receive during the holidays. When we deliver, we know we are not just giving them gifts. We are leaving them with the knowledge that they are not forgotten and that people care for them.
